Our Commercial Structure

We have formulated a comprehensive commercial structure, based on three focal pillars, that encompasses Scottish Squash's target areas and achievements as set out in our strategic plan.

We are inviting partners to join us and our journey to develop squash in Scotland and together, realise a joint vision for the future of the sport.

This is an exciting proposition for any brand looking to align itself with a narrative of growth and success through various opportunities for brand and product exposure with local, regional, national and international coverage.

Alba Storm

Owned by Scottish Squash, Alba Storm is the only Scottish team that competed in the Premier Squash League (PSL), a world class competition for Britain's top teams.

The PSL offers a platform to broadcast the best of Scottish Squash, and our partners, to the entire UK.

Alba Storm, and Scotland-staged PSL fixtures, provide a regular form of the sport for fans to follow and support.

PSA Tour Group

As a part of our strategic plan, Scottish Squash is devoted to empowering players to be the best they can be. Underpinning this commitment, we create a world-class training environment based at Oriam; Scotland's Sports Performance Centre.

There are 20 Scottish players currently on the PSA World Tour who compete in over 150 professional competitions around the world.

To help these players progress further, our goal is to work with partners to continue to develop a world-class training environment.
